WORK EXPERIENCE

NON-PROFESSIONAL PROJECTS

Centro de Estudios de Innovación (CEI.)

2025 - 2026

Professional learning across 3 modules, with specialized knowledge areas and programs in video games: programming (C# for Unity and Unreal); 3D animation and modeling techniques (Autodesk Maya, ZBrush, Substance Painter); and art and design. Development of a triple profile within the sector that facilitates admission to different roles based on industry needs.

SHOOTINGS

Ficción Producciones ("MHREC"); Alén Films

2025

Extra and minor roles in film shoots, with immersion in the professional environment and learning the methodology within various companies that are well positioned in the film industry job market.

HOSPITALITY

Bar A Fonte Restaurant

2023 - 2025

Customer-facing role that favours customer service skills and the ability to work under pressure.
Regular use of office software such as Microsoft Word or Microsoft Excel for additional office tasks.

NON-PROFESSIONAL PROJECTS

University of Santiago de Compostela (USC)

2021 - 2025

Use of high-quality audiovisual material provided by the university institution in numerous projects, as well as video editing programmes (Adobe Premiere Pro), animation and 3D modelling programmes (Adobe After Effects, Blender) and virtual reality integration programmes (Brainstorm Edison). Participation in numerous film shoots.
